How can you buy individual and family health plans? 72

International health insurance through GeoBlue® 73

Philly, we've got you

There's only one Blue plan that has called Philadelphia home for more than 85 years: **Independence Blue Cross (IBX)**. And all this time, we've worked hard to make health insurance easier so you can focus on what matters most to you.

No other health insurance company knows Philly like IBX. For more than 85 years, we've remained deeply committed to the people and communities we serve. Like you, we live here and work here. And we rely on the quality and security of our IBX health plan to keep our families safe and healthy.

When you choose IBX, you get:

- The largest network of doctors and hospitals in the region, no matter what plan you choose
- Affordable ways to get convenient, high-quality care
- Support for all of you, including your physical and emotional well-being

We're invested in your health

We want to help you build and maintain good health, and we design our health plans with that in mind. You get:

- \$300 for completing certain activities, like getting an annual checkup
- Support for your physical, emotional, and even financial well-being
- Lower out-of-pocket costs when you see in-network doctors and behavioral health providers using telehealth
- \$0* virtual care from a board-certified doctor or behavioral health provider through Teladoc Health
- Reimbursements for the cost of healthy lifestyle choices, including gym memberships or virtual subscriptions and programs for weight management and quitting smoking

*Cost-sharing may apply for Catastrophic and HSA-qualified health plans.

We're there when it matters most

You're never alone with IBX. You have access to support and services that make your life a little easier:

- Registered Nurse Health Coaches, who are available by phone 24/7 for health-related questions
- Behavioral Health Care Advocates, who can directly schedule or connect you to an in-network behavioral health provider
- Trained Customer Service reps, who are ready to answer questions about your benefits
- In-person customer service at Independence LIVE
- Secure online member account, which is customized for you, so it's easier to find all the information you need about your benefits and health care

We're your hometown health insurer, and more Philadelphians choose IBX than any other health plan.

Meet our health plans

We offer a wide variety of health plans so you can find one that fits your needs. No matter what health plan you choose, you always have access to the full IBX provider network.

Choose from three levels of health plans for individuals and families: Gold, Silver, and Bronze. We also offer a Catastrophic health plan for people younger than 30 or for those who qualify for a special exemption.

All IBX health plans cover the same essential health benefits, including doctor visits, hospital stays, prescription drug coverage, blood tests, X-rays, preventive care, and more. You also get access to unlimited virtual care for a \$0 copay.*

The differences between health plans are in the monthly premium, if a deductible applies, and out-of-pocket costs when you receive covered services.

	 Gold	 Silver	 Bronze
Monthly premium	\$\$\$	\$\$	\$
Out-of-pocket costs	\$	\$\$	\$\$\$
Good option if you ...	Plan to use a lot of health care services	See doctors and specialists occasionally	Don't plan to use a lot of health care services

Get the strongest network

IBX has the largest network of doctors and hospitals in the region.

60,000⁺ in-network doctors

180⁺ in-network hospitals

*Cost-sharing may apply for Catastrophic and HSA-qualified health plans.

Our most popular plans: Keystone HMO Proactive

Keystone HMO Proactive health plans are our most popular for good reason. Your monthly premium is lower, and you can save even more when you use Tier 1 doctors and hospitals.

Save with a tiered network plan

For our Keystone HMO Proactive health plans, we've grouped our in-network providers into three tiers. Doctors and hospitals that offer high-quality care at a lower cost are in Tier 1 – Preferred.

50% of in-network doctors and hospitals are in Tier 1 – Preferred

\$	Tier 1 – Preferred
\$\$	Tier 2 – Enhanced
\$\$\$	Tier 3 – Standard

What you need to know about Keystone HMO Proactive

- You will select a primary care physician (PCP) to coordinate your care and refer you to specialists.
- You can visit any doctor or hospital in the IBX network once you have a referral (referrals not needed for OB/GYN, mammograms, mental health, or emergency care).
- You pay the lowest out-of-pocket costs when you use doctors and hospitals in Tier 1 – Preferred.
- You can use Tier 1 providers for some covered services and Tiers 2 or 3 for others.
- Some services cost the same across all tiers, like preventive care, emergency room visits,* and urgent care.

Save even more

Keystone HMO Silver Proactive Select | Keystone HMO Silver Proactive Value

These lower-premium options are only available when you purchase directly from IBX. Keystone HMO Silver Proactive Select has no deductible for any services when you use Tier 1 providers. Keystone HMO Silver Proactive Value includes a deductible for Tiers 1 – 3 for some services.

Keystone HMO Silver Proactive Basic | Keystone HMO Silver Proactive Essential

These plans offer a lower premium for those shopping with a tax credit on Pennie. They include a deductible for Tiers 1 – 3 for some services.

Review the details for these plans on pages 25 – 30.

*If you are admitted to an in-network hospital from the emergency room, the cost-sharing for inpatient hospital care, including medical care provided by an in-network professional provider, will apply based on the tier of the in-network hospital or in-network professional provider.

If you are admitted to an out-of-network hospital following an emergency room admission, the Tier 3 – Standard level of benefits will apply. For non-emergency care, you must use in-network providers.

Prescription drug benefits

All our individual and family health plans include prescription drug coverage, so you get safe, affordable access to covered medications.

Easy-to-use digital tools

It's easy to manage your prescription drug benefits online through your secure member account. You can log in to find an in-network pharmacy, estimate drug costs, review claims, and submit mail order/home delivery requests.

Mail order/home delivery convenience

Mail order/home delivery with free shipping is available for medication you take regularly. In most plans, you'll pay less for a 90-day supply when you use mail order/home delivery.

You can also get a 90-day supply of your maintenance medications at a specified in-network retail pharmacy for the same cost-sharing as mail order/home delivery.

Savings on self-administered specialty drugs

Our program for self-administered specialty drugs provides convenient delivery options and support for members with complex conditions, including cancer, hemophilia, hepatitis C, HIV/AIDS, rheumatoid arthritis, multiple sclerosis, and other inflammatory conditions. You'll get counseling from experienced pharmacists and nurses by phone or video chat and access to other resources.

Lower-cost alternatives

We're helping members save money. You'll pay less when your doctor prescribes generic and lower-cost brand alternatives. We make it easier for doctors to select more affordable medications because many can see how much you'll pay for a medication while they're choosing one to prescribe for you.

The Value Formulary has five tiers of cost-sharing for prescription drugs, with generic drugs being the most affordable.

\$	Low-cost generic
\$\$	Generic
\$\$\$	Brand-name (Preferred brand)
\$\$\$\$	Brand-name and generic (Non-preferred)
\$\$\$\$\$	Self-administered specialty drug

Standard Pharmacy network

68,000 pharmacies nationwide

Preferred Pharmacy network

58,000+ pharmacies nationwide

Refer to pages 12 – 13 in the Prescription Drug Details row to see which pharmacy network each health plan uses.

Complete your coverage with adult dental or vision

Expect more from your adult dental and vision plans! These plans can be purchased any time of the year through IBX, with or without a medical plan. Note: All medical plans include pediatric dental and vision coverage for members younger than 19.

Adult dental plans

Our dental plans offer these comprehensive benefits:

- **Broad provider network.** You have access to one of the largest dental networks in the region and a national network of more than 500,000 access points.
- **No waiting periods.** You can begin using your benefits immediately.
- **Flexibility to see any dentist.** You'll maximize your savings by using an in-network dentist, but you have the option to see any dentist without a referral.
- **Savings incentive for preventive care.** Preventive services don't count against your annual maximum, so you can use that coverage for more expensive services.

See pages 61 – 62 for more details about the adult dental and vision plans we offer.

Adult and family vision plans

Our vision care plans offer these benefits:

- **A network that goes the distance.** The national Davis Vision network has 160,000 access points, including Visionworks stores and other retailers.
- **Fully covered annual eye exam and contact lens fitting.*** You'll pay \$0 for annual routine eye exams and contact lens evaluations and fittings with an in-network provider.
- **\$0 copay and low-cost options for frames and lenses.** Choose from an upgraded inventory of Davis Vision Exclusive Collection designer frames. Or use your benefit allowance on non-Collection frames or contact lenses from an in-network provider.
- **Fixed fee pricing on all cosmetic lenses.** Choose from a wide variety of state-of-the-art lens types and styles.
- **Discounts on other services.** Save on other services, such as laser eye correction, hearing exams, and name-brand hearing aid technology from Your Hearing Network.

NEW Family vision plans now available.

NEW Warby Parker, Target Optical, and Pearle Vision are now included in the network.†

Plan for the unexpected with LifeSecure

After an accident, serious illness, or hospital stay, your focus should be on your recovery, not your finances. Insurance plans from LifeSecure can help you:

- Make up for lost income
- Pay for expenses like medical deductibles, out-of-network office visits, uncovered treatments, childcare, transportation to appointments, and household upkeep

Learn more at ibx.com/lifeseure.

* There is a 30-day waiting period for all new vision plan contracts.

† Warby Parker, Target Optical, and Pearle Vision are out-of-network for pediatric members in ACA medical plans. These providers are in-network for our stand-alone and family vision plans.

Dental plans are underwritten by QCC Insurance Company.

Save time and money with virtual care

Virtual care makes it easier and more affordable to take care of your physical and emotional health.

Pay \$0 for virtual care from Teladoc Health

With virtual care benefits provided by Teladoc Health (Teladoc), you'll pay \$0* for a visit. You can reach a board-certified doctor or behavioral health professional by phone, online, or through Teladoc's mobile app for non-emergency care. Virtual visits are available in several languages through an interpreter, including American Sign Language (ASL).

Pay less for virtual care from in-network providers

When you have a virtual visit with your PCP or specialist, you'll pay less than you would for an in-person visit. And you'll pay \$0 for virtual behavioral health visits. This reduced cost-sharing is available for virtual visits with in-network providers who offer this option.

Teladoc General Medical

Talk to a board-certified doctor for non-emergency conditions, such as sinus pain, flu, pink eye, and sore throat. You'll get a diagnosis and prescription (if needed).

Teladoc Health Dermatology

Get convenient and reliable skincare from a licensed dermatologist for a wide range of conditions. You'll use your Teladoc account to request a dermatology consult, complete a short form, and upload images of your skin issue.

Teladoc Mental Health Care

Talk to a board-certified psychiatrist, licensed psychologist, or licensed therapist from the Teladoc network by phone or video chat. Teladoc's network of behavioral health professionals can help with concerns like anxiety, depression, grief, work pressures, and more, and you can build an ongoing relationship with a provider of your choice.

*Cost-sharing may apply for Catastrophic and HSA-qualified health plans.

Nearly
90%

of users report being highly satisfied with their Teladoc experience.

More than
75%

of users with depression or anxiety reported improvement after their third or fourth Teladoc Mental Health Care visit.

Earn up to \$300/year in rewards!

Redeem your rewards for e-gift cards for retailers that include Amazon, Best Buy, Dunkin', and more.

Support for your financial well-being

Our health plans include more than medical and prescription drug benefits. We want to support your financial well-being, too.

The College Tuition Benefit®

The College Tuition Benefit works like a scholarship and can reduce college costs by up to 25%. You earn SAGE Scholars Tuition Rewards® Points that are spread evenly over four years of undergraduate education at more than 450 participating colleges and universities. You can sponsor immediate or extended family members.

GradFin

GradFin provides personalized student loan advice to help you find the perfect savings plan for federal and private student loans, potentially saving you thousands of dollars. Learn how to manage your repayment options, including Income-Driven Repayment, Public Service Loan Forgiveness, and refinancing. Plus, you'll get exclusive discounts on annual memberships designed to save you money and improve your financial future.

AblePay

AblePay makes it easier for you to understand and pay for out-of-pocket medical expenses. When you sign up for a free AblePay membership and use an AblePay provider, you can save up to 13% on out-of-pocket medical costs, including deductibles, copays, and coinsurance. AblePay also offers flexible payment plans for up to 12 months, all with 0% interest.

Visit ibx.com/financialwellbeing to learn more about these programs.

These are value-added programs and not a benefit under an Independence Blue Cross health plan and are, therefore, subject to change without notice.

The Tuition Rewards program is provided by The College Tuition Benefit, an independent company. Neither The College Tuition Benefit nor SAGE Scholars, Inc. provides Blue Cross products or services.

GradFin, a brand of KeyBank N.A., is an independent company providing student loan products and services to customers of Independence Blue Cross. GradFin does not provide Independence Blue Cross products or services.

AblePay is an independent company that does not offer Blue Cross or Blue Shield products. Independence Blue Cross is acting solely as an agent for AblePay. AblePay is solely responsible.

Save with a health savings account (HSA)

When you enroll in an HSA-qualified EPO health plan, you can open an HSA. You'll pay no taxes on money you put into your HSA,* and you can use those funds tax-free to pay for qualified health care expenses (including dental and vision care).

You can also earn tax-free interest or investment income on these funds. Your savings roll over year-to-year and are yours to keep, even if you change health plans down the road.

For example, let's say each year you contribute \$2,000 to your HSA and spend \$1,000 on qualified health expenses. Your savings will grow over time.†

At the end of year 10:

Tax savings	:	HSA balance
\$5,000	:	\$11,169

* For calendar year 2025, contributions to an HSA may not exceed \$4,300 for individual (self only) coverage and \$8,550 for family coverage. The annual "catch-up" contribution amount for individuals age 55 or older is \$1,000.

† Investment accounts are optional; monthly fees apply. Investment fees are omitted from the above example. The balance in the HSA Investment Account is subject to investment risks, including fluctuations in value and the possible loss of the principal amount invested.

The above information is for illustrative purposes only. The example assumes a 22 percent tax bracket, 3 percent state taxes, and that the investment choices yield a return of 2 percent. Please consult with your tax advisor for your situation. Return on investment is not guaranteed.

2025 Standard Plans

Our standard health plans include a wide range of options so you can choose the one that's best for you. For most of these plans, you can enroll using Pennie, the Pennsylvania Insurance Exchange, if you qualify for financial assistance.

You may see the following indicators on some health plans:

- OFF** These plans must be purchased through IBX directly and are not offered on Pennie.
- ON** These plans must be purchased on Pennie and cannot be purchased through IBX directly.

2025 Adult Dental and Vision Plans

Pediatric dental and vision coverage is included in all IBX medical plans. Stand-alone vision plans for families and adults ages 19 and older, and stand-alone dental plans for adults ages 19 and older, are available year-round, with or without enrollment in a medical plan.

Choose your adult dental plan

Adult Dental Preferred is the plan for you if you want coverage for preventive services (like exams and cleanings) and basic services (like fillings and root canals).

Adult Dental Premier is the plan for you if you want the added protection of lower out-of-pocket costs and coverage for major services, such as crowns and dentures.

Health plan footnotes

Medical

- * For these plans, visit limits are combined for office and virtual care.
- 1 Certain plan benefits may be enhanced to comply with health care reform law/regulations. Eligible dependent children are covered to age 26.
- 2 Embedded deductible/Out-of-pocket maximum: Family deductible and out-of-pocket maximum apply when more than one person is covered under a plan. A covered family member only needs to satisfy his or her individual deductible before receiving plan benefits. Once the family deductible is met, all covered family members will receive plan benefits. A covered family member only needs to satisfy his or her out-of-pocket maximum before that individual's benefits are covered in full. Once the family out-of-pocket maximum is met, all covered family members' benefits will be covered in full.
- 3 There are no out-of-network services available except for emergency services.
- 4 Out-of-network providers may bill you for differences between the Plan allowance, which is the amount paid by Independence Blue Cross, and the actual charge of the provider. This amount may be significant. Claims payments for out-of-network providers are based on the lesser of the Medicare Allowable Payment or the actual charge of the provider. For covered services that are not recognized or reimbursed by Medicare, payment is based on the lesser of the Independence Blue Cross applicable proprietary fee schedule or the actual charge of the provider. For covered services not recognized or reimbursed by Medicare or Independence Blue Cross's fee schedule, the amount is based on 50 percent of the actual charge of the provider with the exception of inpatient facility services. For inpatient facility covered services not recognized or reimbursed by Medicare or Independence Blue Cross's fee schedule, the amount is determined by Independence Blue Cross's fee schedule for the closest analogous covered service.
- 5 Age and frequency schedules may apply. In order to get a preventive colonoscopy without having to pay any out-of-pocket costs, you must choose Preventive Plus providers and GI professionals (gastroenterologists or colon and rectal surgeons) that are not hospital-based to perform the preventive colonoscopy. To find a Preventive Plus provider, visit ibx.com/findadoctor.
- 6 For PPO plans, visit limits are combined in- and out-of-network.
- 7 Amount shown reflects the copay per day. There is a maximum of five copays per admission.

Keystone HMO Proactive

- 8 For all Keystone HMO Silver Proactive plans, the deductible is combined for Tiers 2 and 3.
- 9 For all Keystone HMO Proactive plans, the out-of-pocket maximum for Tiers 1, 2, and 3 is combined.
- 10 If a member is admitted to an in-network hospital from the emergency room, the cost-sharing for inpatient hospital care, including medical care provided by an in-network professional provider, will apply based on the tier level of the in-network hospital or in-network professional provider. If a member is admitted to an out-of-network hospital following an emergency room admission, the Tier 3 – Standard level of benefits will apply. For non-emergency care, members must use in-network providers.
- 11 For all Keystone HMO Proactive plans, all in-network retail clinics are assigned to Tier 1, with the exception of Walgreen's Health Clinic, which is assigned to Tier 3.

Prescription drugs

- 12 Our prescription drug plans are administered by an independent pharmacy benefits management (PBM) company.
- 13 No cost-sharing is required at in-network retail and mail order/home delivery pharmacies for certain preventive drugs (prescription and over-the-counter drugs with a doctor's prescription).
- 14 Out-of-network benefits apply to prescriptions filled at out-of-network pharmacies, and the member must pay the full retail price for their prescription and then file a claim for reimbursement. The member should refer to their benefit booklet to determine the out-of-network coverage for their plan.

- 15 This plan uses the Preferred Pharmacy network, with more than 58,000 pharmacies nationwide. If you have the Preferred Pharmacy network and fill a prescription at an out-of-network pharmacy, such as Walgreens, you will need to pay the up-front total cost at the pharmacy. You can then submit a claim, and you may be reimbursed for part of the cost.
- 16 When a prescription drug is not available in a generic form, benefits will be provided for the brand drug and the member will be responsible for the cost-sharing for a brand drug. When a prescription drug is available in a generic form, benefits will be provided for that drug at the generic drug level only. If the member purchases a brand drug, the member will be responsible for paying the dispensing pharmacy the difference between the negotiated discount price for the generic drug and the brand drug plus the appropriate cost-sharing for a brand drug.
- † Embedded deductible/Out-of-pocket maximum: Family deductible and out-of-pocket maximum apply when an individual and one or more dependents are enrolled. Once an individual meets the individual deductible amount, claims for that individual will pay. Once the family deductible is met, claims for all individuals will pay. Once an individual meets the individual out-of-pocket maximum, benefits for that individual are covered in full. Once the family out-of-pocket maximum is met, benefits for all family members are covered in full. Individual deductible and out-of-pocket maximum apply when an individual is enrolled without dependents.

Additional benefits

- 17 Independence Blue Cross vision plans are administered by Davis Vision, an independent company. An affiliate of Independence Blue Cross has a financial interest in Visionworks, an independent company.
- 18 Pediatric vision benefits expire at the end of the month in which the child turns 19.
- 19 One eye exam per calendar year period.
- 20 Pediatric spectacle lenses covered at no extra cost include: single vision, lined bifocal, lined trifocal, or lenticular lenses. For frames to be covered in full, choose from Davis Vision's Pediatric Frame Selection (available at most independent in-network providers). Davis Vision Contact Lenses Collection is covered in full at in-network independent providers.
- 21 Independence Blue Cross dental plans are underwritten by QCC Insurance Company.
- 22 Pediatric dental benefits are covered until the end of the calendar year in which the child turns 19.
- 23 One exam and one cleaning is covered every six months per calendar year.
- 24 Only medically necessary orthodontia is covered.
- 25 Virtual care from a designated virtual provider includes telemedicine, teledermatology, and telebehavioral health services offered through our virtual care provider, Teladoc Health, an independent company.
- 26 With the Adult Dental Premier plan, the amount that the plan pays for these services is not deducted from the annual benefit maximum.
- 27 Discount is not available at Walmart, Sam's Club, and Costco.
- 28 Enhanced frame allowance is available at all Visionworks locations nationwide.

Coverage for American Indians/Alaskan Natives

Are you an American Indian or Alaskan Native?

If you're a member of a federally recognized tribe, you are eligible for Gold, Silver, and Bronze plans with similar or no cost-sharing based on whether your household income is more or less than 300% of the Federal Poverty Level (FPL).

Less than 300% FPL plan options

You can choose from any of the Standard plan options on pages 14 – 35, but you will have \$0 cost-sharing for all covered services. You may also qualify for a premium tax credit (subsidy).

More than 300% FPL plan options

You can choose from any of the Standard plan options on pages 14 – 35 and you will pay the cost-sharing amounts listed, but you will have \$0 cost-sharing if you receive care for any essential health benefits that are referred by or received directly from the HIS, Indian Tribe, Tribal Organization, or Urban Indian Organization. You may also qualify for a premium tax credit.

Family size	Household income	
	Less than 300% FPL	More than 300% FPL
Single	\$45,179.99	\$45,180.00
Family of 2	\$61,319.99	\$61,320.00
Family of 3	\$77,459.99	\$77,460.00
Family of 4	\$93,599.99	\$93,600.00
Family of 5	\$109,739.99	\$109,740.00
Family of 6	\$125,879.99	\$125,880.00
Family of 7	\$142,019.99	\$142,020.00
Family of 8*	\$158,159.99	\$158,160.00

* For more than eight, add this amount for each additional person: \$5,380. Based on source: <https://aspe.hhs.gov/poverty-guidelines>

This chart is intended to give you an idea if you will be eligible for help in paying your health insurance costs depending on your income and household size. Final eligibility determinations and the actual amount of your tax credit will be determined by the federal government.

Important plan information

Benefits that require preapproval

When you need services that require preapproval, your physician or provider contacts the Independence Blue Cross Clinical Services team and provides information to support the request for services. For PPO members using a BlueCard® PPO or out-of-network provider, the member is responsible for contacting Clinical Services directly for any required approvals. For EPO members using a BlueCard® PPO provider, the member is responsible for contacting Clinical Services directly for any required approvals. The Clinical Services team, made up of physicians and nurses, evaluates the proposed plan of care for payment of benefits. The Clinical Services team notifies your physician/provider if the services are approved for coverage. If the Clinical Services team does not have sufficient information or the information evaluated does not support coverage, you and your physician/provider are notified in writing of the decision. Members and providers acting on behalf of a member may appeal the decision. At any time during the evaluation process or the appeal, the provider or member may provide additional information to support the request.

For a list of services that require preapproval, visit ibx.com/importantinfo.

Inpatient hospital stays

During and after an approved hospital stay, our Care Management and Coordination team monitors your stay. The team reviews whether you are receiving medically appropriate care, sees that a plan for your discharge is in place, and coordinates services that may be needed following discharge.

Utilization review

In order to make coverage determinations regarding the medical necessity and appropriateness of requested services, we use medical guidelines based on clinically credible evidence. This is called utilization review. Utilization review can be done before a service is performed (preapproval/precertification/preservice); during a hospital stay (concurrent review); or after services have been performed (retrospective/post-service review). Independence Blue Cross follows applicable state/federal standards pertaining to how and when these reviews are performed.

Continuity of care

The continuity of care policy applies to HMO plans only.

Terminated providers

Independence Blue Cross offers members continuation of coverage for an ongoing course of treatment with a terminated provider (for reasons other than cause) for up to 90 days from the date that we notified the member of the provider termination. We will cover such continuing treatment under the same terms and conditions as if the treatment was being received from in-network providers.

If a member is in the second or third trimester of pregnancy at the time of the termination, the member is covered for the entire pregnancy and continued through the six-week postpartum period. All authorized health care services provided during this transitional period would be covered by Independence Blue Cross under the same terms and conditions applicable for in-network health care providers.

The out-of-network provider must agree that all authorized health care services provided during this transitional period would be covered by Independence Blue Cross under the same terms and conditions applicable for in-network health care providers. The plan is not required to provide health care services that are not covered benefits.

In order to initiate continuity of care, members must complete a Continuity of Care form and submit it to our Care Management and Coordination department. The form is available through Customer Service and ibx.com.

Emergency services

An emergency is defined as the sudden and unexpected onset of a medical condition manifesting itself in acute symptoms of sufficient severity or severe pain that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

- Placing the member's health or, in the case of a pregnant member, the health of the unborn child in jeopardy
- Serious impairment to bodily functions
- Dysfunction of any bodily organ or part

Emergency care includes covered services provided to a member in an emergency, including emergency transportation and related emergency services provided by a licensed ambulance service.

Complaints and grievances

You have a right to appeal any adverse decision through the Complaints and Grievances Process. Instructions for the appeal will be described in the denial notifications and in the contract.

Privacy policy

Protecting your privacy is very important to us. That is why we have taken numerous steps to see that your Protected Health Information (PHI) is kept confidential. PHI is individually identifiable health information about you. This information may be in oral, written, or electronic form. Independence Blue Cross may obtain or create your PHI while conducting our business of providing you with health care benefits. To view information and documentation related to privacy and HIPAA (the Health Insurance Portability and Accountability Act of 1996), visit ibx.com/privacy or call us at 215-241-4735 or 1-888-678-7005 (toll-free).

Independence Blue Cross has implemented policies and procedures regarding the collection, use, and release or disclosure of PHI by and within our organization. We continually review our policies and monitor our business processes to make sure that your information is protected while assuring that the information is available as needed for the provision of health care services. For detailed information on our privacy policy, visit ibx.com/importantinfo.

Prescription drug guidelines

Our prescription drug plans are designed to provide you with safe and affordable access to covered medications. We support a number of procedures to ensure safe prescribing, including:

- **Prior authorization** — This means that you may need additional approval from your health plan. Certain covered drugs require prior authorization to ensure that the drug prescribed is medically necessary and appropriate and is being prescribed according to the U.S. Food and Drug Administration's (FDA) guidelines.
- **Age limits** — The FDA has established specific procedures that govern prescribing practices. These rules are designed to prevent potential harm to patients and ensure that medication is being prescribed according to FDA guidelines. For example, some drugs are approved by the FDA only for individuals ages 14 and older.
- **Quantity limits** — These are designed to allow a sufficient supply of medication based upon FDA-approved maximum daily doses and length of therapy of a particular drug. There are several different types of quantity limits, such as rolling 30-day period, refill too soon, and therapeutic drug class.

To learn more about safe prescribing procedures, see a list of drugs requiring prior authorization, find out what's covered by your plan, or find out how to file a request or appeal, visit ibx.com/rx or contact your broker.

Exception process

Your doctor may request coverage for a drug that is not on the formulary after a trial of covered drugs, or if there are medical reasons that you cannot use other covered drugs. Your doctor must submit an exception request that describes your need for the drug that is not covered on the formulary. Your doctor should fax the request to **1-888-671-5285**. If your doctor does not receive a response in two business days, please call **1-888-678-7012**.

If the exception request is approved, the drug will be covered at the highest cost-share as listed in your benefits. Certain limits, such as quantity limits and age limits, will still apply. If the request is denied, you and your doctor will receive a denial letter. The letter will explain how to file an appeal, if you wish to appeal the decision.

Prescription drug program information

A pharmacy benefits management (PBM) company administers our prescription drug benefits and is responsible for providing a network of pharmacies and processing pharmacy claims. The PBM also negotiates price discounts with pharmaceutical manufacturers and provides drug utilization and quality reviews. Price discounts may include rebates from a drug manufacturer based on the volume purchased. Independence Blue Cross anticipates that it will pass on a high percentage of the expected rebates it receives from its PBM to members at point of service. Under most benefits plans, prescription drugs are subject to a member copayment.

Benefits exclusions

The benefits summaries in this brochure represent only a partial listing of benefits and exclusions of the plans. Benefits and exclusions may be further defined by medical policy.

This managed care plan may not cover all your health care expenses. Read your contract carefully to determine which health care services are covered. If you need more information, please contact your broker.

What's not covered under your medical plan?

- Services not medically necessary
- Services or supplies that are experimental or investigative, except routine costs associated with qualifying clinical trials
- Hearing aids, hearing examinations/tests for the prescription/fitting of hearing aids, and cochlear electromagnetic hearing devices
- Assisted fertilization techniques, such as in vitro fertilization, GIFT, and ZIFT
- Reversal of voluntary sterilization
- Alternative therapies, such as acupuncture
- Adult dental care, including dental implants or dentures, and nonsurgical treatment of temporomandibular joint syndrome (TMJ)
- Bariatric or obesity surgery
- Routine foot care, except for medically necessary treatment of peripheral vascular disease and/or peripheral neuropathic disease including, but not limited to, diabetes
- Foot orthotics, except for orthotics and podiatric appliances required for the prevention of complications associated with diabetes
- Routine physical exams for nonpreventive purposes, such as insurance or employment applications, college, or premarital examinations
- Immunizations for travel or employment
- Services or supplies payable under workers' compensation, motor vehicle insurance, or other legislation of similar purpose
- Cosmetic services/supplies
- Outpatient services that are not performed by your primary care physician's designated provider for HMO plans
- Private duty nursing
- Self-injectable drugs, which are excluded under medical programs (however, they are covered under the prescription drug benefit)
- Adult routine eye care
- Pleoptic/orthoptic training

Note: Eligible dependent children are generally covered up to age 26. See contract for additional details. To obtain complete copies of these policies by mail, please contact your broker.

Glossary

Coinsurance – The percentage you pay for some covered services. If your coinsurance is 20 percent, your health insurance company will pay 80 percent of the cost of covered services; you will pay the remaining 20 percent.

Copay – The flat fee you pay when you see a doctor or receive other services. For example, your health plan may have a \$20 copay to see a doctor.

Cost-sharing – Also known as out-of-pocket costs, this is the money you pay in the form of a copay, deductible, or coinsurance when you receive care. This is separate from the monthly premium you pay to be a member of the health plan.

Deductible – The amount you pay each year before your health plan starts paying for covered services. For example, if your plan has a \$1,000 deductible, you will need to pay the first \$1,000 of the costs for the health care services you receive. Once you have paid this amount, your insurance will begin to pay a portion or all of your health care costs, depending on the health plan. A deductible may apply only for certain services depending on the health plan.

EPO – One type of health plan. EPO stands for Exclusive Provider Organization.

Health savings account (HSA) – An HSA is a type of savings account that allows you to set aside money on a pre-tax basis to pay for qualified healthcare expenses.

HMO – One type of health plan. HMO stands for Health Maintenance Organization.

In-network – The doctors, hospitals, labs, and other health care providers that have a contract with Independence Blue Cross to deliver services to members. They usually charge discounted rates for their services. To keep it simple, we'll just refer to them as doctors and hospitals throughout this brochure.

Out-of-network – The doctors, hospitals, labs, and other health care providers that do not have a contract with Independence Blue Cross. Certain health plans do not cover services from out-of-network providers (e.g., HMO and EPO plans) except when it's an emergency. Members who have out-of-network coverage (e.g., PPO members) typically pay more for services from out-of-network providers.

Out-of-pocket maximum – An out-of-pocket maximum is the most you will have to pay for your health care expenses during a plan period (usually a year) for covered services received from in-network providers. No matter what, you will not pay more than this amount each year. Any care for covered services you get after you meet your out-of-pocket maximum will be fully covered. Monthly premiums do not count towards your out-of-pocket maximum.

PPO – One type of health plan. PPO stands for Preferred Provider Organization.

Premium – Also known as a monthly rate, this is the money you pay to your insurance company each month to have health insurance. This is separate from the copays, deductibles, and coinsurance you pay when you receive care.

Preventive care – The care and counseling you receive to prevent health problems. Preventive care is one of the best ways to keep you and your family in good health and may detect some diseases in the early stages. Some examples of preventive care are annual checkups, flu shots, mammograms, colonoscopies, and cholesterol tests.

Primary care physician (PCP) – Another term for your family doctor. HMO health plans require you to select a PCP.

Referral – If you have an HMO plan, your primary care physician will need to provide you with a referral before you see other in-network providers and most specialists, such as a heart doctor (cardiologist).

Specialist – A specialist provides care for certain conditions in addition to the treatment provided by your primary care physician. For example, you may need to see an allergist for allergies or an orthopedic surgeon for a knee injury.

Tax credit (subsidy) – Financial assistance from the government to help pay for your health insurance costs.

How can you buy individual and family plans?

There are two ways to purchase an individual or family health plan. Use the information below to figure out which option is best for you. If you have any questions, please contact your broker.

Directly through IBX

If you don't qualify for financial assistance, you can choose from a variety of private health insurance plans offered directly through IBX. When you purchase directly from us, you have more cost-saving options and it's easier to make updates to your policy. We have licensed agents who can help you find a plan that best meets your needs.

See if you qualify

Your household income, where you live, and household size determine if you are eligible for a tax credit. You could pay as little as \$0/month for a high-quality health plan!

Pennsylvania Insurance Exchange (Pennie)

The Pennsylvania Insurance Exchange, called Pennie, is operated by the Commonwealth of Pennsylvania. When you enroll in a health plan through Pennie, financial assistance may be available if you qualify. Sometimes called a tax credit or subsidy, financial assistance helps those who qualify pay for health insurance costs. You may qualify for:

- Lower monthly premiums¹
- Lower monthly premiums and lower out-of-pocket costs when you receive care²

¹ Choose from any of the Standard plans at the Gold, Silver, or Bronze levels. Even if you do not qualify for a tax credit, you can choose any one of these plans.

² You must select a Silver Cost-share Reduction plan, which offers lower deductibles, copays, and coinsurance. If you do not select a Silver Cost-share Reduction plan, you may still be able to get help paying your monthly premium, but you will not be able to get help in paying your deductibles, copays, and coinsurance.

³ For more than eight, add this amount for each additional person: \$5,380. Source: ASPE HHS, <https://aspe.hhs.gov/poverty-guidelines>
